WARM WORK OF GIDEONS

An Interesting Service in the Afternoon-Many Church Assignments for To-Day.

Old Sol got in some fine work yesterday and did his utmost to spoil the convention of the Gideons, but the commercial trav- hart, Ind.; A. W. Hutchins, Chicago. elers showed that they are "game" and held all the sessions scheduled. Last night they were limp, but still enthusiastic, and the only concession they had made to the intense heat was to throw formalities and their coats and vests aside, tuck handkerchiefs in their collars and put palmleaf fans in operation in a manner calculated to do the most good.

yesterday morning with devotional exer- Tate, Chicago, cises, led by S. E. Hill, of Beloit, Wis. Reports were read by Treasurer W. J. field, Mo. Knights, R. L. Adams, of the editorial staff of "The Gideon" and D. A. Lewis, of the auditing committee. Following this the field workers, the state presidents and superintendents and national superintendents submitted their reports showing the progress of the extension of the organization. The revised constitution was read for the first time at the close of the morning session and in the afternoon it was formally adopted.

In the afternoon W. H. Darner conducted the devotional service and at 2 o'clock President Frank A. Garlick delivered his annual message. The recommendations of the executive committee pertaining to the work of the order were received and approved. The election of officers, scheduled and an effort was made to suspend the have worried a Philadelphia lawyer it was finally decided that the delegates should prepare their ballots regularly. After some little delay the tellers announced that of the 134 votes cast Mr. Garlick had received 98, to 26 for William C. Hall, of this city, president of the Indiana division, and scattering votes for three or four other men. Then Mr. Garlick's election was made unanimous on motion by one of the defeated Other officers elected were: W. C. Hall,

of Indianapolis, vice president; Dougall Cree, of Minneapolis, treasurer; John Farbell, of Chicago, and E. A. P. Haynes, of of Chicago, directors for two years; F. held at the Roberts Park Church and A. B. T. Moore, of Cedar Rapids, Mich., vice president of the national organization presided W. C. Hall, Indiana president, welcomed the visitors to the city, while the Rev. T J. Villers extended a welcome on behalf of the Indianapolis churches. C. H. Palmer responded for the Gideons. Chaplain L. C. Smith delivered his annual address and the meeting was then resolved into a model Gideon social, a sort of informal "experience" meeting. To-day the Gideons will take charge of

the services in all the churches of the city. Three members of the organization have been assigned to each church. At 7:30 o'clock this morning a consecration service will be held in the lecture room of the Roberts Park Church and in the afternoon at 3:30 a praise service will be held in the auditorium room. At 6 o'clock this evening a union service of young people will be held at the same place with H. F. Huntley, of Michigan, as leader. At 7:30 the convention will be brought to a close with a mass meeting in Tomlinson Hall, President F. A Garlick presiding. Harry Haldeman, Kansas City, and E. A. P. Haynes, St. Louis, will deliver twenty-minute addresses, after which the newly elected officers will be formally installed. CHURCH ASSIGNMENTS.

BARNUM & BAILEY WILL BE INDIANAPOLIS SEPT. 28.

This Will Be the First Appearance in This City for Five Years-European Success.

After five years spent in an extensive tour of Europe, embracing almost every coun- & BRO., 23 N. Pennsylvania. in England, the Barnum & Bailey Greatest Show on Earth is once more on as low price.

heath, and will be seen in Indianapolis for the SECURITY TRUST COMPANY,

148 E. Market St. the first time on Monday, Sept. 28. Contracts to this effect were only closed a couple of days ago. To-day the first advertising car made its apeparance, and the city and country tributary are being apprised of the coming of this greatest of amusement institutions. In its foreign tour, the Barnum & Bailey show undertook and accomplished what seemed to be an utter impossibility to all but that genius of the show world James A. Bailey. The undertaking involved a tremendous risk in loss of property and required a huge capital. Over \$400,000 alone was spent in the transfer of the show property from New York to London, and other expenses between Oct. 13, 1897, when the show closed in Philadelphia, and Dec. 26, when it opened at the Olympia Building, London. The magnificence of the show, its huge size, and perfect system of operation astounded and pleased the English people, and they accorded the circus a royal welcome everywhere. Its two years in English and agent winter of which was in England, each winter of which was spent in London, netted a profit of nearly two million dollars.

Mr. Bailey then sighed for more worlds to conquer, and crossed the North Sea to Germany, taking the entire show, including sixty-five sixty-foot railroad cars built REAL ESTATEon the American plan, the first train of the kind ever seen on the European continent. It required four large ocean steamers to transfer the show property with all its wag-ons, horses, cars, animals, over seven hundred people, etc., from England to Gercountries and then went to Vienna, Austria, where it exhibited in one of the finest exhibiting there all winter. In the spring a tour of France was made, lasting all summer, during which one hundred and seventy-six towns in France were visited. This brought the time up to last fall, when, in October, four big Atlantic transport line steamers were chartered and the entire show was soon "homeward bound." Upon its arrival at New York, it immediately went into winter quarters at Bridgeport, Conn., where during the past winter a fortune has been spent upon new equipment. The show opened its American season in New York at the Madison Square Garden last March, and after a remarkable season of five weeks there, started on its travels on ninety-two cars-the largest show train

by thirty cars in the world. It is said of the show this year that nothing has ever approached it for the immense size of its canvas spread, its many new and novel innovations, its perfect seating arrangement, and for the magnificence of its performance. There is hardly an act or a feature that has ever been seen in the country before, and there are over two hundred distinct circus' acts crowded into the two and one-half hours' performance. The parade is another feature that comes in for the most fulsome praise from the press of other cities. They all seem to agree that nothing has ever approached it in the world's history for the gorgeousness of its equipment, the costliness of its trappings and the general character and tone of the entire display.
